

ALTAR SERVER

God calls each of us in special ways to share our gifts and talents during the Liturgy. One of the ministries open to young people of our parish who are in the 6th grade and up is the **Ministry of Altar Server**.

Just as we have teens and adults involved in our parish community as Lectors, Greeters, Hospitality, Choir and Extraordinary Ministers of Holy Communion, so too, there is a need for dedicated Altar Servers.

This special ministry is very important to praying and celebrating well as a community. Take some time to ask yourself if you are being called to serve God and your parish community in this special way.
