

Dessert and Beverage Servers—Gym and Brady Hall

Serve & Replenish Water/Ice Tea/Lemonade at Beverage Stations and monitor cake and replenish as needed.

Water:

Two water dispensers will be filled and set up. Use the water pitchers provided to refill the dispensers as needed. The Ice machine is in the kitchen next to the large refrigerator. Adults only permitted in the kitchen.

Lemonade & Ice Tea (unsweetened):

One Igloo cooler contains lemonade and the other unsweetened ice tea. There is one more of each on the floor behind the table. Please replenish as needed.

Cups/Rags:

Cups are on the table and in the box behind the table. There should be plenty. You can pre-fill cups, but as the crowd dies down let them fill their own. Any beverage that has been filled into a cup has to be thrown away. If it's left in the Igloo cooler, we can use for next week. Rags available to keep the station clean and neat.

Desserts:

Monitor the cake servings. If the room is still busy and the table is 1/3 full, please see Doris in the kitchen for another cake and use utensils and gloves to plate the cakes. Extra plates, forks, and napkins can be found in the gym storeroom.

Monitoring Station/Clean Up:

Please have at least 2 volunteers at the dessert /beverage station during your assigned time. As the dining room begins to slow down, please take any empty igloo coolers to the kitchen for washing. Bring a cart back to the table and at 7:30 load the remaining coolers and water dispensers onto this. Leave the cart by the tables. Put any remaining cups back into the box and take the box to the gym storeroom. All used rags can be placed on the cart.
