

Dining Room Assistants —Gym and Brady Hall

Table Cleaning:

Cleaning Solution is in spray bottles on the wire cart located in the gym. Rags can be found in bags by the entrance to the back storeroom in the gym. Please use these to clean tables after diners have left—readying it for next group.

Trash Cans:

Monitor trash can levels in dining room as well as kitchen (by the sink) and behind the serving lines. Take full trash bags to the doors in the back of Brady Hall. Extra trash bags are located in the lockers by that door. Kids can walk around with trash cans and take diners plates when they are finished. Gloves are available on the wire racks.

Assisting Diners:

If you notice a disabled person, or someone having trouble handling the plates, there are serving trays behind the serving lines. Retrieve one and ask the person if you can help hold their plate while they dish up their food.

Miscellaneous:

If a broom and dustpan are needed they can be found by the small utility sink in the kitchen or by the back door lockers in Brady Hall. If a mop/bucket are needed, look for a maintenance person in the boiler room—located out the back door of the gym and down the hallway on the right.
